

Thrift and Waste

Economists say that France would grow rich on what America wastes.

German strength is based on efficiency and efficiency is thrift

Every other person in Japan has an account in a savings bank.

England, the richest of all nations, produces the greatest amount of capital through savings.

On thrift depends the nation's progress as well as your own.

A growing account in a savings bank is insurance of independence.

One Dollar Starts an Account!

BOY TO GET A MILLION.

Youngster's Fortune Will Accumulate For Nineteen Years.

Greenwich, Conn.—William J. Smith Cary, the two-year-old son of Thomas F. Cary, a grocer here, according to estimates made recently, will receive \$1,000,000 from the estate of his grandfather, William J. Smith, when he reaches his majority. According to a final distribution made in the probate court, his share of the Smith estate at the present time is \$336,225.38. Mary Smith Woodcock, wife of Arthur Woodcock, a daughter of the testator, receives \$340,225.68. The bulk of the estate, valued at \$1,190,740.14, was left in the hands of trustees for Mrs. Woodcock and the Cary boy.

Mr. Smith accumulated his fortune by investing in real estate here several years ago when property could be purchased at a low figure.

YOUNG INDIAN JOINS THE NAVY

Father Brought Son From Tahlequah, Okla., to Enlist in Service.

Kansas City, Mo.—Albert Taylor of Tahlequah, Okla., Cherokee Indian and owner of valuable oil and gas fields in Oklahoma, brought his son, Albert Taylor, Jr., eighteen years old, possessor in his own right of Indian allotments of valuable oil lands, to the naval recruiting station in the federal building to be enlisted in the navy. Taylor said at the recruiting office he believed the navy the best training a young man could have, and he intended to enlist his two younger sons as soon as they became eighteen years old. He was enlisted in the naval militia in California when a young man and said he had been greatly benefited.

FALSE TEETH VALUABLE.

Industrial Accident Commission Says They Must Be Paid For.

San Francisco.—"Store teeth" are just as good as those furnished by nature in the eyes of the state industrial accident commission.

A San Francisco plumber was struck by a piece of pipe he was repairing,

with the result that three teeth, two false, were knocked out. His employer was willing to pay for the dental work necessary to fill the void left by the natural teeth, but balked in the case of the others. The commission has ruled that he also must pay for replacing the man made pair.

BURIED \$6,000 OF PENSION.

Cal Evans' Heard Plowed Up on His Farm at Magazine, Ark.

Magazine, Ark.—Gold and silver currency to the amount of \$6,000 was plowed up on the farm of the late Cal Evans by his son-in-law. Evans' children say the money was buried by their father, who died refusing to tell where it was concealed.

The sum represents pension money Evans had drawn from the government for twenty years. As soon as his vouchers arrived he always cashed them and then buried the coin.

LEPER COLONY FOR HOLLAND

Plans on Foot to Found District in the Veluwe Region.

Amsterdam.—Holland is to have a leper colony. The country is exposed to the leprosy danger owing to the great traffic with its East and West Indian colonies, and there are estimated to be roughly between thirty and forty sufferers from the disease already within its borders.

Plans are on foot to found such a colony in the Veluwe region, between Epe and Heerde.

Gives Skin to Save Wife.

Tulsa, Okla.—To save the life of his wife who was believed to be fatally injured by a gasoline explosion at her home in this city recently, H. L. De Witt submitted to the removal of 160 square inches of cuticle which was at once grafted on the wounds of his wife, who is in a hospital. The grafting was successful and Mrs. De Witt will recover.

Piles Cured in 6 to 14 Days

Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c.

AVIATION COSTLY.

Society Folks Pay Dollar a Minute to Learn.

MUST BE RICH FOR GAME.

Many Aristocratic People of New York Are Taking to Flying, and Only They Can Stand Expense Under Present Conditions.

New York.—It costs a dollar a minute to get into our highest social circles since the aristocratic youth of Long Island and Yale, under the patronage of Mrs. Henry P. Davidson, have taken up military aviation.

And not only that. Society is taking a flying start toward the conquest of the air quite aside from the martial aspect of the case. The center of aerial activity is now at Fort Washington, on Manhasset bay.

The patrol is composed of some of the best known young men in society.

Photo by American Press Association.

ADMIRAL PEARY ABOUT TO TAKE A FLIGHT

It is headed by Trabee Davidson and takes in young Robert A. Lovett, whose father is the head of the Union Pacific road; John Vorvys of Columbus, O., whose father was one of the best known political figures in the country; John W. Farwell, 3d, son of the Chicago millionaire; Albert Dittman of Englewood, Wesley Land Brown of Englewood, Artemus L. Gates of Iowa; Earl Gould, son of the late Dr. Elgin R. L. Gould, and Allan Ames. There are a lot more to join, including H. P. Davidson, Jr., who is now in France with the American ambulance, and W. F. Sullivan, who is a lieutenant in the British flying corps.

Trabee Davidson was on the point of joining the American ambulance in France, too, when he was diverted to the service of this country by the very, very apparent need for aviators along the Mexican border. That showed him how much more good he could do by staying in this land of the free and preparing to uphold the flag in case of need.

John Hays Hammond, Jr., and Admiral Peary gave the notion a push, and the combined force prevailed upon the Davidson family to sponsor the patrol.

For the course the boys pay \$400 each, which is about a dollar a minute for the actual flying lessons. The buying of a machine and keeping it in repair and the like cost thousands of dollars.

QUICK THINKING SAVED ARM.

Clerk Jumped Into Mail Conveyor When Heavy Cord Caught Him.

Chicago.—A fast working brain saved Emil H. Johnson, a substitute mail clerk at the local postoffice, from possible serious injury recently. He was throwing mail into an endless chain conveyor when his arm became entangled in the heavy cord of a mail sack. Swiftly and surely the arm was being carried into a position where it would be first broken and then torn from his body.

Johnson thought quickly and jumped into the conveyor, laid down and rode with the sack of mail. On the way he disentangled his arm and when the conveyor was stopped walked downstairs and resumed his work.

Man's Will in One Line.

Seattle, Wash.—Containing a single sentence, "I will my property to I. N. Hazlett, No. 22282 First avenue," the shortest will on record here has been filed in the superior court. The instrument was drawn by A. J. Keller, who died June 15 from injuries received when he was kicked by a horse. The doctors at the hospital where Keller was taken told him he had but a short time to live, so Keller, using a single small sheet of yellow scratch paper, wrote his last will and testament in a firm hand and then died.

Baby Chokes to Death on Candy.

Chicago.—Anthony Junior, the eighteen-month-old son of Anthony Tell, choked to death on a stick of candy at the home of his parents on the south side. His six-year-old sister had given him the candy, which lodged in his throat and brought death before medical aid could be summoned.

LAND SALE.

The State of South Carolina, County of Laurens, IN COURT OF COMMON PLEAS, Standard Building and Loan Association, Plaintiff,

against Lydia McMorris, Et Al, Defendants. Pursuant to a decree of the Court in the above stated case, I will sell at public outcry to the highest bidder, at Laurens, S. C., on Salesday in November next, being Monday the 6th day of the month, during the legal hours for such sales, the following described property, to wit:

All that lot, piece or parcel of land situate, lying and being in the incorporate limits of the City of Laurens, State and County aforesaid, in what is known as Jersey, in said City of Laurens, containing one-fifth (1-5) acres more or less, at the corner of Green and Myers streets, and bounded on north by Myers street, on the east by Green street, on the south by lands of J. S. Hunter and on the west by lands of J. S. Hunter. This lot fronts on Myers street a distance of seventy feet and runs back therefrom at right angles and parallel to Green street, on the east, a distance of one hundred and thirty feet. This lot was conveyed to defendant by J. S. Hunter by deed dated May 9th, 1911.

Terms of Sale: Cash. Purchaser to pay for papers. If the terms of sale are not complied with, the land to be re-sold on same or some subsequent Salesday on same terms, at risk of former purchaser.

C. A. POWER, C. C. C. P. and G. S. Laurens, S. C. Dated, this 5th day of Oct., 1916. 12-3t

LAND SALE.

The State of South Carolina, County of Laurens, IN COURT OF COMMON PLEAS, Home Building and Loan Association, Plaintiff,

against Sue Rice, Defendant. Pursuant to a decree of the Court in the above stated case, I will sell at public outcry to the highest bidder, at Laurens, S. C., on Salesday in November next, being Monday the 6th day of the month, during the legal hours for such sales, the following described property, to wit:

All that certain lot, piece, or parcel of land, situate, lying and being within the incorporate limits of the City of Laurens, County and State aforesaid, on the east side of Chicora street, containing one-eighth of an acre, more or less, bounded on north by lands of Gray and Shoaly, on the east by E. D. Davis, on the south by lands of H. S. Kennedy and on the west by said Chicora street, being more fully set forth by a plat of survey made by C. A. Power, surveyor, bearing date of April 23rd, 1910 and being the lot of land sold and conveyed to me by E. D. Davis by deed dated April 23rd, 1910 and which is recorded in office of Clerk of Court for said county and State, in deed book 28 at page 56.

Terms of Sale: Cash. Purchaser to pay for papers. If the terms of sale are not complied with, the land to be re-sold on same or some subsequent Salesday on same terms, at risk of former purchaser.

C. A. POWER, C. C. C. P. and G. S. Laurens, S. C. Dated, this Oct. 5, 1916. 12-3t

LAND SALE.

State of South Carolina, County of Laurens, IN COURT OF COMMON PLEAS, Thomas P. Weir, et al, Plaintiffs,

against Lou B. Weir, et al, Defendants. Pursuant to a decree of the Court in the above stated case, I will sell at public outcry to the highest bidder, at Laurens, S. C., on Salesday in November next, being Monday, the 6th day of the month, during the legal hours for such sales, the following described property, to wit:

All that lot piece or parcel of land lying, being and situate in Jacks Township, County and State, aforesaid, containing six hundred sixty-three and 7-10 acres, more or less, being known as the balance of the Thomas W. Wier land, said lands to be sold in six separate tracts described as follows:

No. 1.—Containing ninety-two and five-tenths (92.5) acres more or less, bounded by Buncombe road and lands of Mrs. Mattie Glenn, Copeland lands, Bell lands and tract No. 3.

No. 2.—Containing eighty-five and 4-10 (85.4-10) acres, more or less, bounded by lands of Mrs. Mattie Glenn, Buncombe road, Tract No. 3, Tract No. 4, McCrary lands and lands of West Holland.

No. 3.—Containing one hundred and one and eight-tenths (101.8-10) acres, more or less, bounded by tract No. 2, tract No. 4, tract No. 1, and Bell lands.

No. 4.—Containing one hundred seven and six-tenths (117.6) acres, more or less, bounded by lands of Bell, tract No. 3, Little Creek, Tract No. 5 and tract No. 2.

No. 5.—Containing one hundred forty-five and seventh-tenths (145.7) acres, more or less, bounded by lands of West Holland, tract No. 4, Little Creek, tract No. 6.

No. 6.—Containing one hundred twenty and seven-tenths (120.7) acres, more or less, bounded by tract No. 5, Little Creek, Buncombe road and lands of West Holland.

A more full, correct and description of these various lands is shown by plat of land made by J. Roy Crawford, surveyor, dated Sept. 18-21, 1916, which plat is on file in the office of the Clerk of Court for Laurens County.

Terms of Sale: One-half cash, balance to be paid twelve months from date of sale; the credit portion to be secured by bond and mortgage. The purchaser, over the said premises, bearing legal interest from date, with leave to purchaser to pay his entire bid cash. Purchaser to pay for papers. If the terms of sale are not complied with, the land to be re-sold on same or some subsequent Salesday on same terms, at risk of former purchaser.

C. A. POWER, C. C. C. P. and G. S. Laurens, S. C. Dated, this Oct. 9, 1916. 12-3t

Scientific Proof of Maxwell Fuel Economy

In a test made by David L. Gallup, M. E., Professor of Gas Engineering, Worcester Polytechnic Institute, a stock Maxwell Touring Car made from 23 to 33.7 miles per gallon of gasoline at speeds ranging from 10 to 35 miles per hour. We reproduce a letter from Professor Gallup concerning this test.

Deferred Payments
If Desired

Maxwell Motor Co., Inc.,
Detroit, Michigan.

Gentlemen:—

I beg leave to submit the enclosed blue print giving the results of an economy test made on a 1917 Stock Maxwell Touring Car, furnished by your Boston representatives.

The curve is self explanatory and needs no discussion other than the statement that the carburetor, which was stock, was adjusted to give the best combination of power, flexibility, speed, and economy, for such conditions of touring as would ordinarily be encountered.

In tabular form the results (taken from the curve sheet) are as follows:

SPEED (Miles per hour)	ECONOMY (Miles per gallon)
10	33.7
15	32.7
20	31.2
25	28.8
30	26.1
35	23.0

Respectfully submitted,

DLG/K

D. L. Gallup

NOTE that no unusual means were employed to get these results. The car used was taken from stock; the test was made with a full load and with top and windshield up; the regular Maxwell carburetor was used.

Any Maxwell car is capable of giving this same economy in gasoline consumption.

Maxwell operating economy matches its economy in first cost, making it *The World's Greatest Motor Car Value.*
